

Dear Parents & Carers

Boost Sessions - GCSE Intervention & Subject Revision Sessions

From Tuesday 3rd December, we will be starting our planned intervention and revision sessions with Year 11 students to support them in their GCSE courses and preparing them for their final examinations in the summer.

Subject Boosters

These sessions will run at the end of the school day, 3:15pm to 4:00pm Tuesday, Wednesday and Thursday.

Week A will be core subjects [Maths/English/Science] and Week B will be option subjects.

It is the expectation that all students attend Week A core sessions.

For Week B, if your child studies more than one subject that has a session running on a certain day, they will need to make a decision as to which session they are going to attend.

To support in preparing your child, subjects will be providing students with details of the content/skills that will be covered in each session. Please go through your child's report, released prior to parents' evening on the 4th December, and support them in making good decisions about what their priorities for revision are going to be.

Some subjects in Week B are targeting revision sessions at specific students (invited via their subject teacher). If your child has not been invited to a session that they feel would be of benefit to them, please ask them to discuss this with their subject teacher.

A reminder that the school buses will be running at normal times so if your child normally gets the school bus and wants to attend a revision session after school, then you will need to organise alternative transport for your child on that day.

If you have any questions about our after-school intervention program, then please contact me via email at simmons.j2@thecoleshillschool.org Thank you for your support

Yours faithfully
