Introduction

The Arthur Terry Learning Partnership (ATLP) is totally committed to safeguarding and promoting the welfare of children. We recognise that this is the responsibility of everyone and we all, staff and visitors, have an important role to play.

We fully understand the role we play in safeguarding the youngest and perhaps most vulnerable members of our community and how through good multi agency working we can help protect those too young to protect themselves.

We firmly believe that

- All children have the right to be protected from harm
- Children need to feel safe and to be safe in our school
- *We can contribute to the prevention of abuse including physical, sexual, emotional, neglect, bullying, extreme behaviours, discriminatory views and risk taking behaviour*
- Children need support that matches their individual needs, including those who may have experienced abuse

Overall aims:

This policy will contribute to the **safeguarding** of our students and promoting their welfare by:

- Clarifying standards of behaviour for staff and children
- Developing staff awareness of the causes of abuse and alerting staff to signs and symptoms
- Encouraging children and parental participation in practice
- Addressing concerns at the earliest possible stage and thereby reducing potential risks to students

This policy will contribute to the **protection** of children within our school by:

- Implementing child protection policy and procedures
- Working in partnership with children, parents and agencies
- Implementing safer recruitment practices
- Including appropriate work within the curriculum

This policy will contribute to **supporting** our children by:

- Identifying and protecting the most vulnerable
- Identifying individual need where possible
- Designing plans to meet needs

To further **support and protect** our children we will:

- Create an atmosphere where all our children can feel secure, valued and listened to
- Recognise signs and symptoms of abuse at an early stage in line with the Early Help Strategy
- Respond quickly and effectively to cases of suspected abuse
- Monitor and support children at risk
- Continue to use the curriculum to raise children's awareness, build confidence and skills
- Work closely with parent/carers and support external agencies
- Ensure that all adults within our school who have access to children have been checked as to their suitability and are aware of our Children Protection Procedures via training.
- Encouraging self-esteem and appropriate self-assertiveness whilst not condoning aggression or bullying
- Promoting a caring, safe and positive environment within the school.
- Providing continuing support to a child about whom there have been concerns who leaves the school by ensuring that appropriate information is forwarded under confidential cover to the child's new school.

Key principles

These are the key principles of child protection work, as stated by Warwickshire Safeguarding Children Board:

- Welfare of the child is paramount
- All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection
- All staff have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm at home, in the community or in school □ Pupils and staff involved in child protection issues will receive appropriate support

Key processes

All staff should be aware and have read section 1 and Appendix A of the guidance *Keeping Children Safe in Education 2019*, a copy of which is available in the staffroom. All staff should familiarise themselves with the context of these policies and seek further clarification if unsure.

The **ATLP** will:

- Ensure that all staff and visitors are familiar with, and have access to, this policy
- Ensure that this document forms part of the induction process for new staff and that staff are asked to take responsibility for familiarising themselves with this policy
- Ensure that all staff are alert to signs and indicators of abuse and receive annual training to support their understanding of what constitutes abuse

- Have a series of named DSL (Designated Safeguarding Leads), who are appropriately trained. These can be found within the appendices.
- Ensure that all staff and visitors are alerted to the correct procedure to enable them to deal with a disclosure in line with the guidance which can be found in the appendices.
- Be involved with the processes of Early Help Single Assessment, (previously CAF), implementation of individual education plans, inter agency child protection plans, child in need plans and integrated support plans
- Follow the procedures for Safer Recruitment with all staff and volunteers

Safeguarding legislation and guidance

Academies, free schools, independent schools, alternative providers of education - Section 157 of the Education Act 2002 and the Education (Independent School Standards) Regulations 2014 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are students at the school.

- The **Teachers' Standards 2012** state that teachers, including headteachers, must have regard for the need to safeguard pupils' well-being, in accordance with statutory provisions; and maintain public trust in the teaching profession as part of their professional duties.
- The statutory guidance **Working Together to Safeguard Children (DfE 2015)** covers the legislative requirements and expectations on individual services (including schools and colleges) to safeguard and promote the welfare of children. It also provides the framework for Local Safeguarding Children Boards (LSCBs) to monitor the effectiveness of local services, including safeguarding arrangements in schools. The guidance confirms that it applies, in its entirety, to all schools.
- The statutory guidance **Keeping Children Safe in Education (DfE 2019)** is issued under Section 175 of the Education Act 2002, the Education (Independent School Standards) Regulations 2014 and the Non-Maintained Special Schools (England) Regulations 2015. Schools and colleges must have regard to this guidance when carrying out their duties to safeguard and promote the welfare of children.

All staff must read Part One of **Keeping Children Safe in Education 2019**. Staff can find a copy in the staff room and on the shared area in the Staff Handbook. In addition, all staff who work directly with children must read Annex A and this includes all class teachers, TAs, and Year Leaders.

Roles and Responsibilities

The Designated Safeguarding Lead (DSL): Catherine Larkin

- is a senior member of staff from the school leadership team and therefore has the status and authority within the school to carry out the duties of the post, including committing resources and supporting and directing other staff
- takes lead responsibility for safeguarding and child protection in the school, which will not be delegated although the activities of the DSL may be delegated to appropriately trained deputies
- is appropriately trained, receives refresher training at two-yearly intervals and regularly (at least annually) updates their knowledge and skills to keep up with any developments relevant to their role
- acts as a source of support and expertise to the school community
- encourages a culture of listening to children and taking account of their wishes and feelings
- is alert to the specific needs of children in need, those with special educational needs, looked after children and young carers
- has a working knowledge of Warwickshire Safeguarding Children Board (WSCB) procedures
- has an understanding of the CAF process to ensure effective assessment and understanding of children's additional needs in order to inform appropriate provision of early help and intervention
- keeps detailed written records of all concerns, ensuring that such records are stored securely and flagged, but kept separate from, the pupil's general file
- refers cases of suspected abuse to Children's Social Care or the Police as appropriate
- notifies Children's Social Care if a child with a child protection plan is absent for more than two days without explanation
- ensures that, when a pupil leaves the school, all child protection records are passed to the new school (separately from the main pupil file and ensuring secure transit) and confirmation of receipt is obtained. If the child is the subject of an open case to Children's Social Care, the pupil's social worker is also informed
- attends and/or contributes to child protection conferences, strategy meetings and multi-agency sexual exploitation (MASE) meetings
- co-ordinates the school's contribution to child protection plans as part of core groups, attending and actively participating in core group meetings
- develops effective links with relevant statutory and voluntary agencies including the WSCB
- ensures that all staff sign to indicate that they have read and understood the child protection and safeguarding policy
- has a working knowledge of relevant national guidance in respect of all specific safeguarding issues highlighted in paragraph 43 (pages 12/13) and Annex A of *Keeping Children Safe in Education 2019*, ensuring that all staff receive necessary training, information and guidance

- ensures that the child protection and safeguarding policy and procedures are regularly reviewed and updated annually, working with the whole school community of pupils, parents, staff, volunteers and governors and/or proprietors regarding this
- liaises with the nominated governor and headteacher as appropriate
- keeps a record of staff attendance at child protection training
- makes the child protection and safeguarding policy available publicly, i.e. on the school's website or by other means
- ensures parents are aware of the school's role in safeguarding and that referrals about suspected abuse and neglect may be made
- ensures that the headteacher is aware of the responsibility to refer all allegations that a child has been harmed by or that children may be at risk of harm from a member of staff or volunteer to the Local Designated Officer (LADO) in the Local Authority within one working day prior to any internal investigation; and to the Disclosure and Barring Service (DBS) as appropriate.

The Deputy Designated Safeguarding Leads: Karen Cornell, Mandy O'Neil, Eileen Bishop, Mark Bishop, Adrian Temple-Purcell, Vanessa Barnes, Jack Chetwynd

Are appropriately trained to the same level as the DSL and, in the absence of the DSL, carry out those functions necessary to ensure the ongoing safety and protection of pupils. In the event of the long-term absence of the DSL, a deputy will assume all of the functions above.

The governing body ensures that the school:

- appoints a Designated Safeguarding Lead who is a member of the senior leadership team and who has undertaken training in inter-agency working, in addition to basic child protection training
- ensures that the DSL role is explicit in the role holder's job description and that safeguarding responsibilities are identified explicitly in the job/role descriptions of every member of staff and volunteer.
- has a child protection policy and procedures, including a staff code of conduct, that are consistent with WSCB and statutory requirements, reviewed annually and made available publicly on the school's website or by other means
- has procedures for dealing with allegations of abuse made against members of staff and volunteers including allegations made against the headteacher and allegations against other children
- follows safer recruitment procedures that include statutory checks on the suitability of staff to work with children and disqualification by association regulations
- develops an induction strategy that ensures all staff, including the headteacher, and volunteers receive information about the school's safeguarding arrangements, Staff Code Of Conduct and the role of the DSL on induction
- develops a training strategy that ensures all staff, including the headteacher, and volunteers receive appropriate and regularly updated safeguarding and child protection training and updates as required (at least annually) to provide them with the relevant skills and knowledge to safeguard children effectively in line with any requirements of WSCB. The training strategy will also ensure that the DSL receives refresher training and regular updates as defined under the DSL's duties above.

- ensures that all staff, including temporary staff and volunteers, are provided with copies of or access to the school's child protection and safeguarding policy and Staff Code of Conduct before they start work at the school
- appoints a designated person to promote the educational achievement of children who are looked after by the Local Authority and ensures that the designated teacher has appropriate training
- contributes to inter-agency working and plans
- participates in the Early Help (CAF) process and offers to initiate Early Help for pupils/students with additional needs in order to provide a co-ordinated offer of early help
- teaches pupils about safeguarding and how to keep themselves safe at all times, including when online, as part of a broad and balanced curriculum.

The governing body nominates a member (normally the chair) to be responsible for liaising with the Local Authority and other agencies in the event of an allegation being made against the headteacher.

It is the responsibility of the governing body to ensure that the school's safeguarding, recruitment and managing allegations procedures take into account the procedures and practice of the Local Authority, WSCB and national guidance.

The headteacher:

- ensures that the child protection policy and procedures are understood and implemented by all staff
- allocates sufficient time, training, support and resources, including cover arrangements when necessary, to enable the DSL and deputies to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings
- supports the designated person for looked after children to promote the educational achievement of any pupils who are looked after by the Local Authority and to ensure that all staff have the skills, knowledge and understanding necessary to keep looked after children safe
- ensures that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle blowing procedures
- ensures that pupils are provided with opportunities throughout the curriculum to learn about safeguarding and how to keep themselves safe at all times, including when online, as part of a broad and balanced curriculum.
- refers all allegations that a child has been harmed by or that children may be at risk of harm from a member of staff or volunteer to the Designated Officer in the Local Authority within one working day prior to any internal investigation
- ensures that anyone who has harmed or may pose a risk of harm to a child is referred to the Disclosure and Barring Service, as advised by the Designated Officer.
- appoints a case officer who will be a member of the senior leadership team to investigate allegations concerning members of staff and volunteers and/or act as a point of contact for the member of staff/volunteer against whom the allegation is made.

The Trust Board will ensure that the ATLP schools:

- have procedures in place in accordance with the procedures of Warwickshire Safeguarding Children Board
- operate “safer recruitment” procedures and ensures appropriate checks are carried out on all new staff and relevant volunteers.
- pay special attention to volunteers, including those under the age of 18, and ensures that they are safeguarded and also receive appropriate safeguarding training
- ensure that the DSL’s attend appropriate refresher training every two years
- ensure that the Headteacher and all other staff who work with children undertake training annually
- ensure that temporary staff and volunteers are made aware of the schools’ arrangements for child protection and their responsibilities, and are appropriately trained
- remedy any deficiencies or weakness brought to its attention without delay
- has procedures for dealing with allegations of abuse against staff / volunteers

1. Good practice guidelines and staff code of conduct

To meet and maintain our responsibilities towards pupils, we need to agree standards of good practice which form a code of conduct for all staff. Good practice includes:

- treating all pupils with respect
- setting a good example by conducting ourselves appropriately
- involving pupils in decisions that affect them
- encouraging positive, respectful and safe behaviour among pupils
- being a good listener
- being alert to changes in pupils’ behaviour and to signs of abuse and neglect and exploitation
- recognising that challenging behaviour may be an indicator of abuse
- reading and understanding the school’s child protection policy, Staff Behaviour Policy (code of conduct) and guidance documents on wider safeguarding issues, for example bullying, behaviour, physical contact, sexual exploitation, extremism, e-safety and information-sharing
- asking the pupil’s permission before initiating physical contact, such as assisting with dressing, physical support during PE or administering first aid
- maintaining appropriate standards of conversation and interaction with and between pupils and avoiding the use of sexualised or derogatory language
- being aware that the personal and family circumstances and lifestyles of some pupils lead to an increased risk of abuse
- applying the use of reasonable force and physical intervention only as a last resort and in compliance with school procedures and WSCB guidance, referring all concerns about a pupil’s safety and welfare to the DSL or, if necessary, directly to the Police or Children’s Social Care
- following the school’s rules with regard to communication and relationships with pupils, including via social media

Please also refer to the school’s Staff Code of Conduct for all staff and volunteers.

2. Abuse of position of trust

All school staff are aware that inappropriate behaviour towards pupils is unacceptable and that their conduct towards pupils must be beyond reproach.

In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the school staff and a pupil under 18 may be a criminal offence, even if that pupil is over the age of consent.

3. Children who may be particularly vulnerable

Some children are more vulnerable to abuse and neglect than others. Several factors may contribute to that increased vulnerability such as societal attitudes and assumptions including prejudice and discrimination; child protection procedures that are inadequately responsive to children's diverse circumstances; isolation; social exclusion; communication issues; a reluctance on the part of some adults to accept that abuse can occur; as well as an individual child's personality, behaviour, disability and family circumstances.

To ensure that all of our pupils receive equal protection, we will give special consideration to children who are:

- disabled or have special educational needs
- young carers
- affected by parental substance misuse, domestic abuse and violence or parental mental health needs
- asylum seekers
- looked after by the Local Authority or otherwise living away from home
- vulnerable to being bullied, or engaging in bullying behaviours
- living in temporary accommodation
- living transient lifestyles
- living in chaotic and unsupportive home situations
- vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion, disability or sexuality
- at risk of child sexual exploitation (CSE)
- do not have English as a first language
- at risk of female genital mutilation (FGM)
- at risk of forced marriage
- at risk of being drawn into extremism.

This list provides examples of vulnerable groups and is not exhaustive. Special consideration includes the provision of safeguarding information and resources in community languages and accessible formats for children with communication needs.

4. Early Help and use of the Common Assessment Framework (CAF) process

The school recognises that providing early help is more effective in promoting the welfare of children than reacting later. Early help means providing support as soon as a problem emerges, at any point in a child's life. All school staff are trained to notice any concerns about children which may help to identify that they would benefit from early help.

Children and families may need support from a wide range of local agencies. Where a child and family would benefit from co-ordinated support from more than one agency (e.g. education, health, housing, Police), the school will use the Early Help process (previously known as Common Assessment Framework or CAF) to complete an early help assessment and identify what help the child and family require to prevent their needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989.

The school is committed to working in partnership with children, parents and other agencies to:

- identify situations in which children and/or their families would benefit from early help;
- undertake an assessment of the need for early help, using the CAF process;
- provide targeted early help services to address the assessed needs of a child and their family, developing an action plan that will focus on activity to improve the child's outcomes.

The school will be particularly alert to the potential need for early help for any child who:

- is disabled and has specific additional needs;
- has special educational needs;
- is a young carer;
- is showing signs of engaging in anti-social or criminal behaviour;
- is in a family whose circumstances present challenges for the child, such as adult substance abuse, adult mental ill health, domestic abuse; is showing early signs of abuse and/or neglect; and/or
- is particularly vulnerable in any of the ways identified above.

The Early Help process can only be effective if it is undertaken with the agreement of the child's parents/carers. Young people in secondary schools may consent to Early Help in their own right, subject to Information Sharing Guidance. The school would seek advice from an Early Help Officer or the Education Safeguarding Manager in those circumstances. The early Help should involve the child and family as well as all the professionals who are working with them.

The school will keep the needs and circumstances of children receiving early help under constant review. If the child's situation does not improve and/or the child's parents and/or the child do not consent to early help or the Early Help process being initiated, the school will make a judgement about whether, without help, the needs of the child will escalate. If so, a referral to Children's Social Care may be necessary.

5. Attendance

We recognise that full attendance at school is important to the well-being of all our pupils and enables them to access the opportunities made available to them at school. Attendance is monitored closely and we work in partnership with the Warwickshire County Council Attendance, Compliance and Enforcement (ACE) Service when patterns of absence give rise to concern. Our attendance policy is set out in a separate document and is reviewed regularly by the governing body.

6. Children Missing from Education

All children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education in their area.

Attendance, absence and exclusions are closely monitored. A child going missing from education is a potential indicator of abuse and neglect, including sexual exploitation. The DSLs will monitor unauthorised absence with support from the Attendance Officer and take appropriate action, particularly where children go missing on repeated occasions and/or are missing for periods during the school day. We follow the DfE legal requirements for schools in respect of recording and reporting of children who leave school without any known destination.

Where a pupil has 10 consecutive school days of unexplained absence and all reasonable steps* have been taken by the school to establish their whereabouts without success, the school will make an immediate referral to Warwickshire County Council's Children Missing Education (CME) Officer.

*Reasonable steps include:

- Telephone calls to all known contacts
- Letters home (including recorded delivery)
- Contact with other schools where siblings may be registered
- Possible home visits where safe to do so
- Enquiries to friends, neighbours etc. through school contacts
- Enquiries with any other Service known to be involved with the pupil/family
- All contacts and outcomes to be recorded on the pupil's file

The school is required by law to have an admission register and an attendance register. All pupils must be placed on both registers.

The school is required to inform the Local Authority of any pupil who is going to be deleted from the admission register where they:

- have been taken out of school by their parents and are being educated outside the school system e.g. home education;

- have ceased to attend school and no longer live within reasonable distance of the school at which they are registered;
- have been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age;
- are in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period; or,
- have been permanently excluded.

The school must notify the Children Missing Education Officer in the Local Authority as soon as the grounds for deletion are met and no later than deleting the pupil's name from the register. It is essential for the school to comply with this duty so that the Local Authority can, as part of its duty to identify children of compulsory school age who are missing education, follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse or neglect.

The Children Missing Education Service can be contacted on 01926 742036 or by email to carolhattee@warwickshire.gov.uk.

Upon receipt of a referral from the school, the CME Officer will continue to attempt to track the child, for at least a further 10 school days, using access to additional contacts/services, e.g. Housing. If this also fails to establish the pupil's whereabouts, the school will be informed by email and may then, but not before, remove the pupil from roll and place the child's name on the School to School database, entering XXXXXXXX in the box for destination. This will place the pupil on the list of Children Missing from Education.

Deletions from roll agreed with the CME Officer will normally be backdated to the first day of absence.

If the CME Officer is able to contact the pupil and her/his parents, arrangements will be made with the school and family for a return to education, including a reintegration programme where necessary. If the pupil has registered at another school, the school will delete the child's name from our roll and transfer the child's educational records to the new school in the normal way. Any child protection records will be transferred separately and securely for the attention of the DSL in the new school and a receipt secured.

Pupils leaving the school for known destinations outside the maintained sector in England and Wales will be updated to the School to School database using MMMMMMMM in the destination box. This includes private/independent schools, schools in other countries (including Scotland and Northern Ireland) and pupils moving into Home Education. The latter will be formally notified to the ESWs Home Education Officer by the school as soon as written confirmation is received from the parent(s).

If no confirmation is received the above Missing Children procedures will apply.

7. Children who run away or go missing from home or care

The school recognises that children who run away or go missing - and are thus absent from their normal residence - are potentially vulnerable to abuse, exploitation, offending and placing themselves in situations where they may suffer physical harm.

Keeping Children Safe in Education 2019 highlights that 'Statutory Guidance on Children who Run Away or go Missing from Home or Care' (DfE 2014) requires that every child or young person who runs away or goes missing must be offered a Return Home Interview (RHI) within a period of 72 hours of their return.

RHI's are intended to ascertain the factors that triggered the young person's absence. Those factors may include difficulties at home, in school and in the community. The short timescale of 72 hours is imposed in order to ensure that the RHI remains relevant to the young person and enables any required action to be initiated at the earliest opportunity.

RHI's are undertaken by professionals who are independent in order to facilitate a discussion with the young person that is as open as possible. As soon as the Local Authority receives notification that a young person has gone missing from home or care, a letter will be sent to parents/carers seeking their consent to a RHI with their son/daughter. Direct contact will then be made with parents/carers and the young person to make arrangements for the interview.

In order to fulfil the timescale of within 72 hours, it is essential that all opportunities to interview young people including times during the school/college day are utilised.

When necessary and in conjunction with the Local Authority, the school will facilitate Return Home Interviews, both in terms of releasing the young person from their normal timetable to participate in an interview and in providing an appropriate and safe space on the school site for the interview to take place.

The school will check with the Local Authority whether or not parents/carers have given their consent to the interview. However, young people aged 16 and 17 years old are generally considered to be able to consent and withhold consent to their own information being shared and therefore to participate in a RHI or not. With reference to the Fraser Guidelines, younger children may also be deemed able to consent.

If the Local Authority has not received consent from parents/carers and the young person is not assessed as being capable of giving or withholding informed consent, the school/college will contact the parent/carer and seek to secure their consent.

Parents/carers may also choose to accompany their son/daughter in interviews and the school will facilitate that as appropriate.

11. Helping children to keep themselves safe

Keeping Children Safe in Education 2019 requires governing bodies and proprietors to ensure that children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a 'broad and balanced curriculum.'

Children are taught to understand and manage risk through our personal, social, health and economic (PSHE) education and sex and relationships lessons and through all aspects of school life. Our approach is designed to help children to think about risks they may encounter and with the support of staff work out how those risks might be reduced or managed. Discussions about risk are empowering and enabling for all children and promote sensible behaviour rather than fear or anxiety. Children are taught how to conduct themselves and how to behave in a responsible manner. Children are also reminded regularly about online safety, the risks of sharing content and images online and tackling bullying, including cyber bullying procedures. The school continually promotes an ethos of respect for children and pupils are encouraged to speak to a member of staff of their choosing about any worries they may have.

That work will include discussions with children about the risks and issues associated with young people sending, receiving and/or disseminating indecent images of themselves and other young people, which is widely referred to as 'sexting'.

It is recognised that a young person may choose to share indecent images with another young person in the context of a romantic or sexual relationship and that she or he may do so without any intention to cause harm or distress to anybody. Although technically an offence, sexting of that nature is referred to as 'experimental sexting' and it is usually not necessary or appropriate to criminalise young people in those circumstances.

However, there are clear risks associated with such behaviour. Staff are trained to be vigilant and to notice and record any concerns about young people sending and receiving indecent images, which includes listening to what young people say to each other and to staff, as they do with any other safeguarding concern.

When concerns are identified, staff will always speak to children and will inform parents about their concerns unless there is good reason to believe that doing so would place the child at increased risk of significant harm.

12. Support for pupils, families and staff involved in a child protection issue

Child abuse is devastating for the child and can also result in distress and anxiety for staff who become involved.

We will support pupils, their families, and staff by:

- taking all suspicions and disclosures seriously
- nominating a link person (*usually the DSL or Deputy DSL*) who will keep all parties informed and be the central point of contact
- Where a member of staff is the subject of an allegation made by a pupil, separate link people will be nominated to avoid any conflict of interest and support from ATLP will be sought
- responding sympathetically to any request from pupils or staff for time out to deal with distress or anxiety

- maintaining confidentiality and sharing information on a need-to-know basis only with relevant individuals and agencies
- storing records securely
- offering details of helplines, counselling or other avenues of external support
- following the procedures laid down in our child protection, whistleblowing, complaints and disciplinary procedures
- co-operating fully with relevant statutory agencies.

13. Complaints procedure

Our complaints procedure will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil or attempting to humiliate them, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by the headteacher, other members of the senior leadership team and governors. An explanation of the complaints procedure is available on our website for parents to access.

Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures.

Complaints which escalate into a child protection concern will automatically be managed under the school's child protection procedures.

14. Whistle blowing if staff have concerns about a colleague

Staff who are concerned about the conduct of a colleague - including visiting professionals and volunteers - towards a pupil are undoubtedly placed in a very difficult situation. They may worry that they have misunderstood a situation and they will wonder whether a report could jeopardise a colleague's career. All staff must remember that the welfare of the child is paramount.

The school's **whistleblowing** policy enables staff to raise concerns or allegations, initially in confidence, and for a sensitive enquiry to take place.

Staff are expected to report all concerns about poor practice or possible child abuse by colleagues - including what may seem minor contraventions of the school's Staff Code of Conduct – to the headteacher; to facilitate proactive and early intervention in order to maintain appropriate boundaries and a safe culture that protect children and reduce the risk of serious abuse in school.

Concerns or complaints about the headteacher should be reported to the chair of governors, whose contact details are displayed in the staff room for any member of staff to use in such an instance.

Staff may also report concerns about suspected abuse or neglect directly to Children's Social Care or the Police if they believe direct reporting is necessary to secure action.

Staff can also contact the Designated Officer in the Local Authority, who is responsible for the co-ordination of responses to allegations against people who work with children, by submitting a 'Warwickshire MASH - Position of Trust Referral' form or via the Multi-Agency Safeguarding Hub on 01926 414144.

The NSPCC whistleblowing helpline is also available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 between 8.00a.m. and 8.00p.m. Monday to Friday or e mail help@nspcc.org.uk.

Contact numbers for Children's Social Care, the Police and the LADO and the NSPCC whistleblowing helpline are all displayed in the staff room.

15. Allegations against staff

When an allegation is made against a member of staff, set procedures must be followed. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen.

A child may also make an allegation against an innocent party because they are too afraid to name the real perpetrator. Even so, we must accept that some professionals do pose a serious risk to pupils and we must act on every allegation.

Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly and consistently and to be kept informed of its progress.

Suspension is not the default option and alternatives to suspension will always be considered. However, in some cases staff may be suspended where this is deemed to be the best way to ensure that allegations are investigated fairly, quickly and consistently and that all parties are protected. In the event of suspension the school will provide support and a named contact for the member of staff.

As stated above, all allegations against staff should be reported to the headteacher. Allegations against the headteacher should be reported to the chair of governors.

Staff may also report their concerns directly to the Police or Children's Social Care via the MASH if they believe direct reporting is necessary to secure action.

The full procedures for dealing with allegations against staff can be found in Part 4 of *Keeping Children Safe in Education 2019* and WSCB's inter-agency safeguarding procedures, section 6 - *Managing Allegations Against People Who Work With Children*.

Staff, parents and governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing, including content placed on social media sites.

Allegations concerning staff who no longer work at the school or historical allegations will be reported to the Police.

In accordance with *Keeping Children Safe in Education 2019*, the school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

16. Staff training

It is important that all staff have training to enable them to recognise the possible signs of abuse, neglect and exploitation and to know what to do if they have a concern.

New staff, governors who will have direct contact with children and volunteers will receive an explanation during their induction which will include:

- the school's child protection and safeguarding policy
- signs and symptoms of abuse and neglect
- responding to disclosure of abuse or neglect by a child
- reporting and recording arrangements
- the Staff Code of Conduct
- details of the DSL

NB all of the above will be explained **before** a new member of staff, governor or volunteer has direct contact with children in school. The school's child protection policy and Staff Code of Conduct will be sent with the letter confirming an appointment with a written requirement that the individual reads the two policies in advance of starting work at the school. The individual will be given an opportunity to clarify any issues on their first day at work and then asked to sign to confirm that they have read and understood both policies and undertake to comply with them.

All staff, including the headteacher, volunteers and governors will receive appropriate and regularly updated safeguarding and child protection training and thematic updates as required (at least annually) during inset days and regular discussions at staff meetings, to provide them with the requisite skills and knowledge to safeguard children effectively in line with statutory guidance and any requirements of WSCB.

The DSL will attend training for newly appointed DSLs and refresher training every two years delivered by Warwickshire County Council's Education Safeguarding Service. That training will include up to date information about WSCB inter-agency procedures. In addition, the DSL will update their knowledge and skills at least annually to keep up with any developments relevant to their role and will be supported to access WSCB inter-agency training as part of their continuing professional development.

All staff will be made aware of the increased risk of abuse to certain groups, including children with special educational needs and disabilities, looked after children, young carers and risks associated with specific safeguarding issues

including child sexual exploitation, extremism, female genital mutilation and forced marriage.

In addition, the headteacher and other school leaders as appropriate and at least one governor (usually the chair) will attend safer recruitment training and the school will ensure that there are at least two school leaders and/or governors that have attended safer recruitment training within the past three years.

Supply staff and other visiting staff will be given the school's Child Protection Staff Guidance upon their entry to the school.

17. Safer recruitment

Our school endeavours to ensure that we do our utmost to employ 'safe' staff and allow 'safe' volunteers to work with children by following the guidance in *Keeping Children Safe in Education 2019* together with WSCB and the school's *Safer Recruitment* policies.

Safer recruitment means that all applicants will:

- complete an application form which includes their employment history and explains any gaps in that history
- provide two referees, including at least one who can comment on the applicant's suitability to work with children
- provide evidence of identity and qualifications
- if offered employment, be checked in accordance with the Disclosure and Barring Service (DBS) regulations as appropriate to their role. This will include an enhanced DBS check and a barred list check for those engaged in Regulated Activity
- if offered employment, provide evidence of their right to work in the UK
- be interviewed by a panel of at least two school leaders/governors, if shortlisted.

The school will also

- ensure that every job description and person specification for roles in school includes a description of the role holder's responsibility for safeguarding ➤ ask at least one question at interview for every role in school about the candidate's attitude to safeguarding and motivation for working with children
- verify the preferred candidate's mental and physical fitness to carry out their work responsibilities
- obtain references for all shortlisted candidates
- carry out additional or alternative checks for applicants who have lived or worked outside the UK
- ensure that applicants for teaching posts are not subject to a prohibition order issued by the Secretary of State
- check that an applicant for a management position is not the subject of a section 128 direction made by the secretary of state prohibiting or restricting her/him from taking part in the management of an academy.

At least one member of each recruitment panel will have attended safer recruitment training.

All new members of staff and volunteers will undergo an induction that includes familiarisation with the school's child protection and safeguarding policy, Staff Code of Conduct, other issues as in section 16 of this policy and identification of their child protection training needs.

The school obtains written confirmation from supply agencies and third party organisations that they have satisfactorily undertaken all appropriate checks in respect of individuals they provide to work in the school that the school would have undertaken if they were employing the individual directly.

Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained.

The school maintains a single central record of recruitment checks undertaken and ensures that the record is maintained in accordance with section 3 of *Keeping Children Safe in Education* and guidance issued by Warwickshire County Council.

Regulated Activity

Schools are 'specified places' which means that the majority of staff and volunteers will be engaged in regulated activity. A fuller explanation of regulated activity can be found in Part 3 of *Keeping Children Safe in Education 2019*.

Governors

All governors will be the subject of Enhanced DBS checks as defined in *Keeping Children Safe in Education 2019*.

Volunteers

Volunteers will undergo checks commensurate with their work in the school and contact with pupils. Under no circumstances will a volunteer who has not been appropriately checked be left unsupervised or be allowed to engage in regulated activity.

Supervised volunteers

Volunteers who work only in a supervised capacity and are not in regulated activity will undergo the safer recruitment checks appropriate to their role, in accordance with the school's risk assessment process and statutory guidance.

Contractors

The school checks the identity of all contractors working on site and requests DBS checks where appropriate. Contractors who have not undergone checks will not be allowed to work unsupervised or in regulated activity.

18. Site security

Visitors to the school, including contractors, are asked to sign in and are given an identity badge, which confirms they have permission to be on site. Parents who are simply delivering or collecting their children do not need to sign in. All visitors are expected to observe the school's safeguarding and health and safety regulations to ensure children in school are kept safe. The headteacher will exercise professional judgement in determining whether any visitor should be escorted or supervised while on site.

19. Behaviour Management

Our behaviour policy is set out in a separate document and is reviewed regularly by the governing body. This policy is transparent to staff, parents and pupils.

20. Record Keeping

The school will maintain safeguarding (including early help) and child protection records in accordance with the guidance document provided by WCC Education Safeguarding Service *Child Protection Record Keeping Guidance*. The school will:

- keep clear detailed written records of concerns about children (noting the date, event and action taken), even where there is no need to refer the matter to Children's Social Care immediately;
- keep records in a folder in a meticulous chronological order;
- ensure all records are kept secure and in locked locations;
- ensure all relevant child protection records are sent to the receiving school, college or other education establishment when a pupil moves.

Safeguarding and child protection records will be maintained independently from the pupil's school file and the school file will be 'tagged' to indicate that separate information is held. Such records will only be accessible to the Designated Safeguarding Lead and school leaders who need to be aware.

The recommended format for all staff in schools to record any safeguarding or child protection observations or concerns about a child is the WSCB pro forma *Logging A Concern About A Child's Safety And Welfare* (Form C) also known as the 'Green form'.

Such records will include, in addition to the name, address and age of the child, timed and dated observations describing the child's behaviour, appearance, statements/remarks made to staff or other children and observations of interactions between the child, other children, members of staff and/or parents/carers that give rise to concern. Where possible and without interpretation, the exact words spoken by the child or parent/carer will be recorded. Records will be signed, dated and timed by the member of staff making the record.

Child protection records are normally exempt from the disclosure provisions of the Data Protection Act, which means that children and parents do not have an automatic right to see them. If any member of staff receives a request from a pupil or parent to see child protection records, they will refer the request to the headteacher or DSL, who will advise them to submit a Freedom of Information request for consideration.

The Data Protection Act does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

21. Confidentiality and Information Sharing

All staff will understand that child protection issues warrant a high level of confidentiality, not only out of respect for the pupil, family and staff involved but also

to ensure that information being released into the public domain does not compromise evidence.

Staff will ensure confidentiality protocols are adhered to and information is shared appropriately. If in any doubt about confidentiality, staff will seek advice from the DSL, another SLT member or outside agency as required (e.g. Education Safeguarding Manager).

Following a number of cases where senior leaders in schools failed to act upon concerns raised by staff, *Keeping Children Safe in Education 2019* emphasises that any member of staff can contact and/or make a referral to Children's Social Care if they are concerned about a child.

WSCB's guidance 'Information Sharing in Child Protection' is Appendix 9 of the WSCB inter-agency child protection procedures and can be accessed at www.warwickshire.gov.uk/wscbresources.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

All staff must be aware that they cannot promise a child/parent to keep secrets.

Child protection information will be stored and handled in line with Data Protection Act 1998 principles. Information is:

- processed for limited purposes
- adequate, relevant and not excessive
- accurate
- kept no longer than necessary
- processed in accordance with the data subject's rights □ secure.

Record of concern forms (Form C – Green forms) and other written information will be stored in a locked facility and any electronic information will be password protected and only made available to relevant individuals.

Every effort will be made to prevent unauthorised access to sensitive information. Any sensitive information that needs to be stored on portable devices such as laptop computers or tablets or on portable media such as a CD or flash drive will be password protected or encrypted and kept in locked storage.

The school's policy on confidentiality and information-sharing is available to parents and pupils on request.

22. Extended school and off-site arrangements

All extended and off site activities are subject to a risk assessment to satisfy health and safety and safeguarding requirements. When our pupils attend off-site activities, including day and residential visits and work related activities, we will check that effective child protection arrangements are in place.

Where extended school activities are provided by and managed by the school, the school's child protection policy and procedures apply. If other organisations provide services or activities on the school site, the school will check that those organisations have appropriate procedures in place, including safer recruitment procedures.

23. Photography and images

To protect students we will:

- seek their consent for photographs to be taken or published (for example, on our website or in newspapers or publications);
- seek parental consent;
- use only the pupil's first name with an image;
- ensure pupils are appropriately dressed; and
- encourage pupils to tell us if they are worried about any photographs that are taken of them.

24. Online Safety

Children and young people commonly use electronic equipment including mobile phones, tablets and computers on a daily basis to access the internet and share content and images via social networking sites such as Facebook, Twitter, MSN, Tumblr, Snapchat and Instagram.

Many pupils own or have access to hand held devices and parents are encouraged to consider measures to keep their children safe when using the internet and social media at home and in the community. In school we have a mobile devices policy which limits the use of such articles on site and we provide literature for parents to advise them on how to protect their children at home. We send out booklets, advertise useful web links on our website and have assemblies and workshops run by the local police liaison officers during the year.

In school, cyberbullying and sexting by pupils will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures (see 'Sexting' below). Serious incidents may be managed in line with our child protection procedures, which may involve referrals to the MASH, CSE agencies and the police.

Staff/pupil relationships

Staff also receive advice regarding personal online activity, use of social networking and electronic communication with pupils, about which there are strict rules [*please refer to WCC guidance 'Policy on Staff/Governor Use of Social Networking and Internet Sites' and add your school's advice/rules here*].

Staff found to be in breach of these rules may be the subject of a referral to the Designated Officer in the Local Authority and may be subject to disciplinary action.

25. Child protection procedures

Recognising abuse

To ensure that our pupils are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm, for example by hitting them, or by failing to act to prevent harm, for example by leaving a small child home alone, or leaving knives or matches within reach of an unattended toddler.

Abuse may be committed by adult men or women and by other children and young people.

There are four categories of abuse: physical abuse, emotional abuse, sexual abuse and neglect

Physical abuse

Physical abuse is a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child (this used to be called Munchausen's Syndrome by Proxy, but is now more usually referred to as fabricated or induced illness).

Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the illtreatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse

(including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Definitions taken from *Working Together to Safeguard Children* (HM Government, 2015).

Indicators of abuse

Physical signs define some types of abuse, for example bruising, bleeding or broken bones resulting from physical or sexual abuse, or injuries sustained while a child has been inadequately supervised. The identification of physical signs is complicated, as children may go to great lengths to hide injuries, often because they are ashamed or embarrassed, or their abuser has threatened further violence or trauma if they 'tell'. It is also quite difficult for anyone without medical training to categorise injuries into accidental or deliberate with any degree of certainty. For those reasons it is vital that staff are also aware of the range of behavioural indicators of abuse and report any concerns to the Designated Safeguarding Lead.

It is the responsibility of staff to report their concerns. It is not their responsibility to investigate or decide whether a child has been abused.

A child who is being abused or neglected may:

- have bruises, bleeding, burns, fractures or other injuries;
- show signs of pain or discomfort;
- keep arms and legs covered, even in warm weather;
- be concerned about changing for PE or swimming;
- look unkempt and uncared for;
- change their eating habits;
- have difficulty in making or sustaining friendships; appear fearful;
- be reckless with regard to their own or other's safety;
- self-harm;
- frequently miss school or arrive late;
- show signs of not wanting to go home;
- display a change in behaviour – from quiet to aggressive, or happy-go-lucky to withdrawn;
- challenge authority;
- become disinterested in their school work;
- be constantly tired or preoccupied;
- be wary of physical contact;

- be involved in, or particularly knowledgeable about drugs or alcohol; and/or
- display sexual knowledge or behaviour beyond that normally expected for their age and/or stage of development.
- acquire gifts such as money or a mobile phone from new 'friends' or adults recently acquainted with the child's family

Individual indicators will rarely, in isolation, provide conclusive evidence of abuse. They should be viewed as part of a jigsaw and each small piece of information will help the DSL to decide how to proceed.

It is very important that staff report all of their concerns, however minor or insignificant they may think they are – they do not need 'absolute proof' that the child is at risk.

Impact of abuse

The impact of child abuse, neglect and exploitation should not be underestimated. Many children do recover well and go on to lead healthy, happy and productive lives, although most adult survivors agree that the emotional scars remain, however well buried. For some children, full recovery is beyond their reach and the rest of their childhood and their adulthood may be characterised by anxiety or depression, selfharm, eating disorders, alcohol and substance misuse, unequal and destructive relationships and long-term medical or psychiatric difficulties.

Taking action

Any child in any family in any school could become a victim of abuse. Staff should always maintain an attitude of "It could happen here".

Key points for staff to remember when taking action are:

- in an emergency take the action necessary to help the child, for example, call 999;
- report your concern to the DSL as quickly as possible – immediately when there is evidence of physical or sexual abuse and certainly by the end of the day;
- do not start your own investigation;
- share information on a need-to-know basis only – do not discuss the issue with colleagues, friends or family;
- complete a record of concern, using a Form C (Green form); and seek support for yourself if you are distressed or need to debrief.

If a member of staff or volunteer is concerned about a pupil's welfare There will be occasions when staff may suspect that a pupil may be at risk but have no 'real' evidence. The pupil's behaviour may have changed, their artwork could be bizarre, they may write stories or poetry that reveal confusion or distress or physical but inconclusive signs may have been noticed. In these circumstances, staff will try to give the pupil the opportunity to talk. The signs they have noticed may be due to a variety of factors, for example a parent has moved out, a pet has died, a grandparent is very ill or an accident has occurred. It is fine for staff to ask the pupil if they are OK or if they can help in any way.

Staff should use the same record of concern form Form C (Green form) to record these early concerns. If the pupil does begin to reveal that they are being harmed,

staff should follow the advice below. Following an initial conversation with the pupil, if the member of staff remains concerned, they should discuss their concerns with the DSL.

Concerns which do not meet the threshold for child protection intervention will be managed through the Early Help/CAF process as in section 7 of this policy.

If a pupil discloses to a member of staff or volunteer

It takes a lot of courage for a child to disclose that they are being abused. They may feel ashamed, particularly if the abuse is sexual. Their abuser may have threatened what will happen if they tell. They may have lost all trust in adults. Or they may believe, or have been told, that the abuse is their own fault. Sometimes they may not be aware that what is happening is abusive.

If a pupil talks to a member of staff about any risks to their safety or wellbeing, **the staff member will need to let the pupil know that they must pass the information on** – staff are not allowed to keep secrets. The point at which they tell the pupil this is a matter for professional judgement. If they jump in immediately the pupil may think that they do not want to listen but if left until the very end of the conversation, the pupil may feel that they have been misled into revealing more than they would have otherwise.

During their conversations with pupils staff will:

- allow them to speak freely;
- remain calm and not overreact – the pupil may stop talking if they feel they are upsetting their listener;
- give reassuring nods or words of comfort – ‘I’m so sorry this has happened’, ‘I want to help’, ‘This isn’t your fault’, ‘You are doing the right thing in talking to me’;
- not be afraid of silences – staff must remember how hard this must be for the pupil;
- **under no circumstances** ask investigative questions – such as how many times this has happened, whether it happens to siblings too, or what does the pupil’s mother think about all this;
(**however**, it is reasonable to ask questions to clarify understanding and to support a meaningful referral if that is required, e.g. when did this happen, where did this happen?)
- at an appropriate time tell the pupil that in order to help them, the member of staff must pass the information on;
- not automatically offer any physical touch as comfort. It may be anything but comforting to a child who has been abused;
- avoid admonishing the child for not disclosing earlier. Saying things such as ‘I do wish you had told me about this when it started’ or ‘I can’t believe what I’m hearing’ may be the staff member’s way of being supportive but may be interpreted by the child to mean that they have done something wrong;
- tell the pupil what will happen next;
- let them know that someone (either you or another named person, e.g. the DSL) will come to see them before the end of the day;
- report verbally to the DSL or Deputy DSL;
- write up their conversation as soon as possible on the **record of concern form Form C (Green form)** and hand it to the DSL or Deputy DSL; and

- seek support if they feel distressed or need to debrief.

Notifying parents

The school will normally seek to discuss any concerns about a pupil with their parents. This must be handled sensitively and the DSL or Deputy DSL will make contact with the parent in the event of a concern, suspicion or disclosure.

However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will be sought first from Children's Social Care.

Making a referral to Children's Social Care

The DSL or Deputy DSL will make a referral to Children's Social Care if it is believed that a pupil is suffering or is at risk of suffering significant harm.

However, *Keeping Children Safe in Education 2019* emphasises that any member of staff may make a direct referral to Children's Social Care if they genuinely believe independent action is necessary to protect a child.

The student (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child or create undue delay.

26. Bullying, peer on peer abuse

While bullying between children is not a separate category of abuse and neglect, it is a very serious issue that can cause considerable anxiety and distress. At its most serious level, bullying can have a disastrous effect on a child's well-being and in very rare cases has been a feature in the suicide of some young people.

All incidences of bullying, including cyber-bullying and prejudice-based bullying should be reported and will be managed through our anti-bullying procedures which are available on our website. The subject of bullying is addressed at regular intervals in PSHE education.

If the bullying is particularly serious, or the anti-bullying procedures are deemed to be ineffective, the headteacher and the DSL will consider implementing early help (CAF) or child protection procedures.

Please also refer to issues in relation to children who are sexually harmful or abusive towards other children below.

27. Children with sexually harmful or inappropriate behaviour

Abusive behaviour by one child towards another will not be tolerated, minimised or dismissed as 'banter' or 'part of growing up'.

Staff will be mindful of the different gender issues that can be prevalent when dealing with peer on peer abuse although it is recognised that boys as well as girls can be abused by members of the opposite as well as the same gender group.

Members of staff who become concerned about a pupil's sexualised behaviour, including any known online sexualised behaviour, should record their concerns and report them to the DSL or Deputy DSL as soon as possible, as with any other safeguarding concern.

The management of children and young people with sexually harmful behaviour is complex and the school will work with other relevant agencies to maintain the safety of the whole school community. Young people who display such behaviour may be victims of abuse themselves and the child protection procedures will be followed for both victim and perpetrator.

Any instances of sexual harm caused by one pupil to another and any situation where there are concerns about power imbalance, coercion or force will be discussed with Children's Social Care.

The school will also be informed by the Police or Children's Social Care about referrals made directly to those agencies from other sources (e.g. family members, family friends, parents of other children) in relation to alleged sexualised inappropriate or sexually abusive behaviour displayed by pupils inside and/or outside school.

In all such circumstances, the school may be required to attend a strategy meeting under WSCB inter-agency child protection procedures in order to facilitate risk management and planning with other agencies.

In responding to cases involving children or young people who have committed sexually abusive behaviours, Children's Social Care will consult with the Sexualised Inappropriate Behaviours Service (SIBS), for advice, consultation or provision of a direct service. A wide range of practice guidance, knowledge and therapeutic materials has been developed by SIBS to inform the interventions relating to children and young people with sexual behaviour difficulties.

In circumstances where a child displays sexualised inappropriate behaviour but evidence of sexual harm towards other children is not clearcut, the school may seek consultation and advice from SIBS and/or the Education Safeguarding Manager.

In deciding the most appropriate response, relevant considerations will include:

- the nature and extent of the inappropriate/abusive behaviours. In respect of sexual abuse, it is necessary to distinguish between normal childhood sexual development and experimentation; and sexually inappropriate or aggressive behaviour;
- the context of the abusive behaviours;
- the child/young person's development, family and social circumstances;
- the need for services, specifically focusing on the child/young person's harmful behaviour as well as other significant needs; and/or

- the risks to self and others, including other children in the school, household, extended family, peer group and wider social network.

Upskirting

Upskirting is a criminal offense and as such should be treated with the highest of priorities. It is the process of a photograph being taken underneath the clothing of another person without their knowledge or consent. Any student who has “upskirted” another student will be dealt with following the same procedure as outlined below for sexting. Information will be shared with parents and police.

Sexting

If staff become concerned about a 'sexting' issue in relation to a device in the possession of a student (e.g. mobile phone, tablet, digital camera), the member of staff should secure the device (i.e. it should be confiscated). This is consistent with DfE advice ***Searching, Screening and Confiscation - Advice for headteachers, school staff and governing bodies (DfE February 2014)***, page 11 'After the search'.

The confiscated device will be passed immediately to the DSL. **Staff will not look at or print any indecent images.**

The DSL will make a judgement about whether the reported 'sexting' incident is experimental as in section 11 above or aggravated.

Aggravated incidents involve criminal or abusive elements beyond the creation, sending or possession of sexual images created by young people. These include possible adult involvement or criminal or abusive behaviour by young people such as sexual abuse, extortion, threats, malicious conduct arising from personal conflicts, or creation or sending or showing of images without the knowledge or against the will of a young person who is pictured.

Aggravated incidents of sexting will usually be referred to Warwickshire's Multi-Agency Safeguarding Hub (MASH) for advice about whether or not a response by the Police and/or Children's Social Care is required. This will facilitate consideration of whether:

- there are any offences that warrant a Police investigation
- child protection procedures need to be invoked
- parents/carers require support in order to safeguard their children
- a multi-agency sexual exploitation (MASE) meeting is required
- any of the perpetrators and/or victims require additional support. This may require the initiation of a CAF and the offer of early help services

Examples of aggravated incidents include:

- any evidence of pressurising, intimidating, bullying, extortion and/or threatening of students by one or more other students to create and share indecent images of themselves

- pressure applied to a number of students (e.g. all female students in a class or year group) to create and share indecent images of themselves
- pressurising a younger student or students to create and share indecent images of themselves
- pressurising a student with additional vulnerability to create and share indecent images of themselves
- dissemination of indecent images of young people to a significant number of others (either as an act of so-called 'revenge porn' or exploitation)
- any evidence of adult involvement in acquiring, creating or disseminating indecent images of young people (possibly by an adult pretending to be a young person known to the victim).

The DSL will make a judgement about whether or not a situation in which indecent images have been shared with a small number of others in a known friendship group with no previous concerns constitutes an aggravated incident; or whether the school is able to contain the situation in partnership with all parents of the students involved, arrange for the parents to ensure that all indecent images are deleted and that the young people involved learn from the incident in order to keep themselves safe in future.

In the latter instance, the DSL will usually consult with the Police and/or Children's Social Care through the MASH to check that no other relevant information is held by those agencies and to ensure an agreed response is documented before proceeding.

28. Sexual exploitation of children

The school teaches children about consent and the risks of sexual exploitation in the PSHE curriculum. A common feature of sexual exploitation is that the child often does not recognise the coercive nature of the relationship and does not see her/himself as a victim. The child may initially resent what she/he perceives as interference by staff but staff must act on their concerns, as they would for any other type of abuse.

All staff are made aware of the indicators of sexual exploitation of children and all concerns are reported immediately to the DSL. The DSL will consider the need to make a referral to Children's Social Care via the MASH as with any other child protection concern and with particular reference to WSCB Child Sexual Exploitation procedures. Parents will be consulted and notified as above.

Following a referral to Children's Social Care, a Multi-Agency Sexual Exploitation (MASE) meeting may be convened under WSCB inter-agency safeguarding procedures. The school will attend and share information at MASE meetings as required. Parents and young people will be invited to attend MASE meetings by Children's Social Care as appropriate.

29. So-called 'honour based' violence

So-called 'honour-based' violence (HBV) encompasses crimes which have been committed to protect or defend the honour of a family and/or community. Such

crimes include Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. Staff will be alert to the possibility of a child being at risk of HBV or already having suffered HBV.

All forms of so called HBV are abuse (regardless of the motivation) and staff will record and report any concerns about a child who might be at risk of HBV to the Designated Safeguarding Lead as with any other safeguarding concern. The DSL will consider the need to make a referral to the Police and/or Children's Social Care as with any other child protection concern.

Female genital mutilation

Female genital mutilation (FGM) is a form of child abuse. It is the collective name given to a range of procedures involving the partial or total removal of the external female genitalia for non-medical reasons or other injury to the female genital organs. It has no health benefits and harms girls and women in many ways. The practice, which is most commonly carried out without anaesthetic, can cause intense pain and distress and long-term health consequences, including difficulties in childbirth.

FGM is carried out on girls of any age, from young babies to older teenagers and adult women, so school staff are trained to be aware of risk indicators. Many such procedures are carried out abroad and staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer vacation period.

In England, Wales and Northern Ireland, the practice is illegal under the Female Genital Mutilation Act 2003. Any person found guilty of an offence under the Female Genital Mutilation Act 2003 is liable to a maximum penalty of 14 years imprisonment or a fine, or both.

(See <https://www.gov.uk/government/publications/female-genital-mutilationguidelines> for further information).

If staff have a concern that a girl may be at risk of FGM, they will record their concern and inform the DSL as they would any other safeguarding concern.

Teachers are subject to a statutory duty defined by Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) to report to the Police personally where they discover (e.g. by means of a disclosure) that an act of FGM appears to have been carried out on a girl who is aged under 18. This is known as mandatory reporting.

Teachers in that situation will record their concerns and inform the DSL, who will support the teacher in making a direct report to the Police.

Forced Marriage

A forced marriage is a marriage in which a female (and sometimes a male) does not consent to the marriage but is coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

A forced marriage is not the same as an arranged marriage. In an arranged marriage, which is common in several cultures, the families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

Children may be married at a very young age, and well below the age of consent in England. School staff should be particularly alert to suspicions or concerns raised by a pupil about being taken abroad and not being allowed to return to England.

Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014. (See <https://www.gov.uk/forced-marriage> for further information).

30. Radicalisation and Extremism

Protecting children from the risk of radicalisation is part of the school's wider safeguarding duties and is similar in nature to protecting children from other forms of harm and abuse.

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. The government defines extremism as vocal or active opposition to fundamental British values.

The school has defined responsibilities to ensure that children are safe from terrorist and extremist material when accessing the internet in school.

During the process of radicalisation it is possible to intervene to prevent vulnerable people being radicalised. The school is committed to preventing pupils from being radicalised and drawn into any form of extremism or terrorism. The school promotes the values of democracy, the rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs by providing pupils with opportunities through the curriculum to discuss issues of religion, ethnicity and culture and learn how to discuss and debate points of view; and by ensuring that all pupils are valued and listened to within school.

School staff receive training that provides them with both the information they need to understand the risks affecting children and young people in this area; and a specific understanding of how to identify individual children who may be at risk of radicalisation and how to support them. Staff are trained to report all concerns about possible radicalisation and extremism to the DSL immediately as they would any other safeguarding concern.

The school recognises the importance of providing a safe space for children to discuss controversial issues; and building their resilience and the critical thinking skills they need in order to challenge extremist perspectives. However, the school will make appropriate referrals to the Police PREVENT team and Channel programme in respect of any pupil whose behaviour or comments suggest that they are vulnerable to being radicalised and drawn into extremism and terrorism in order to ensure that children receive appropriate support.

The school will discuss any concerns about possible radicalisation identified in school with a child's parents/carers as with any other safeguarding or child protection issue unless there is reason to believe that doing so would place the child at risk; and will also support parents/carers who raise concerns about their children being vulnerable to radicalisation.

The school expects all staff, volunteers, governors, visiting professionals, contractors and individuals or agencies that hire school premises to behave in accordance with the school's Staff Code of Conduct, will challenge the expression and/or promotion of extremist views and ideas by any adult on school premises or at school events and, when necessary, will make appropriate referrals in respect of any such adult.

Parents and staff may find the website www.educateagainsthate.com informative and useful. The website is designed to equip school and college leaders, teachers and parents with the information, tools and resources they need to recognise and address extremism and radicalisation in young people and how best to support them. The website provides information on training resources for teachers, staff and school and college leaders.

31. Private fostering arrangements

A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or under 18 if the child is disabled. Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

Most privately fostered children remain safe and well but safeguarding concerns have been raised in some cases so it is important that schools are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care as soon as possible. When the school becomes aware of a private fostering arrangement for a pupil that has not been notified to Children's Social Care, the school will encourage parents and private foster carers to notify Children's Social Care and will share information with Children's Social Care as appropriate.

32. Staff reporting directly to child protection agencies

Staff should ordinarily follow the reporting procedures outlined in this policy. However, as emphasised in *Keeping Children Safe in Education 2019*, any staff member can refer their concerns directly to Children's Social Care and/or the Police if:

- the situation is an emergency and the DSL, the deputy DSL, the headteacher and/or the chair of governors are all unavailable;
- they are convinced that a direct report is the only way to ensure the pupil's safety; or
- for any other reason they make a judgement that a direct referral is in the best interests of the child.

In any of those circumstances, staff may make direct child protection referrals and share information without being subject of censure or disciplinary action. However, staff should inform the DSL and/or headteacher at the earliest opportunity that they have done so unless in their judgement doing so would increase the risk of harm to the child.

If in any doubt, members of staff may consult the MASH (details below) or seek support from the Education Safeguarding Manager via 01926 742525.

33. Submitting child protection referrals

All child protection referrals should be made to the Multi-Agency Safeguarding Hub (MASH) by completing a Multi-Agency Referral Form (MARF) and submitting it to the MASH at mash@warwickshire.gcsx.gov.uk. The form can also be completed online.

All urgent child protection referrals, i.e. where there is an immediate concern about a child's safety, should be made in the first instance by telephoning the MASH on 01926 414144. This should be followed by submission of a MARF as above.

Outside of office hours, immediate concerns about a child should be referred to the Emergency Duty Team on telephone number 01926 886922.

If staff are ever concerned that a child is in immediate danger, they will contact the Police by dialling 999.

Staff may seek support directly from the Education Safeguarding Manager should they consider that necessary.

34. Related safeguarding portfolio policies

- Staff Code of Conduct
- Physical intervention and the use of reasonable force in the Behaviour Policy
- Behaviour Policy
- Complaints procedure
- Anti-bullying Policy
- SEN Policy
- Managing allegations
- Grievance and disciplinary

35. Special Circumstances

Children who are looked after

The most common reason for children becoming looked after is as a result of abuse or neglect. The school ensures that staff have the necessary skills and understanding to keep looked after children safe and ensures that appropriate staff have information about a child's looked after status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child. The designated person for looked after children and the DSL hold details

of the child's social worker and the name and contact details of the Local Authority's virtual head for children who are looked after.

Care leavers

Local authorities have ongoing responsibilities to young people who cease to be looked after and become care leavers. That includes keeping in touch with them, preparing an assessment of their needs and appointing a Personal Advisor who develops a pathway plan with the young person. This plan describes how the local authority will support the care leaver to participate in education or training. The DSL/ Deputy DSL will have details of the local authority Personal Advisor appointed to guide and support all care leavers; and should liaise with them as necessary regarding any issues of concern affecting a care leaver.

Domestic abuse

All concerns about children being affected by domestic abuse will be reported to the DSL as with any other safeguarding concern. The DSL will respond to the report by consulting Children's Social Care in order to establish whether a referral is required or the situation should be managed by discussion with parents/carers and possibly the offer of early help.

Homelessness

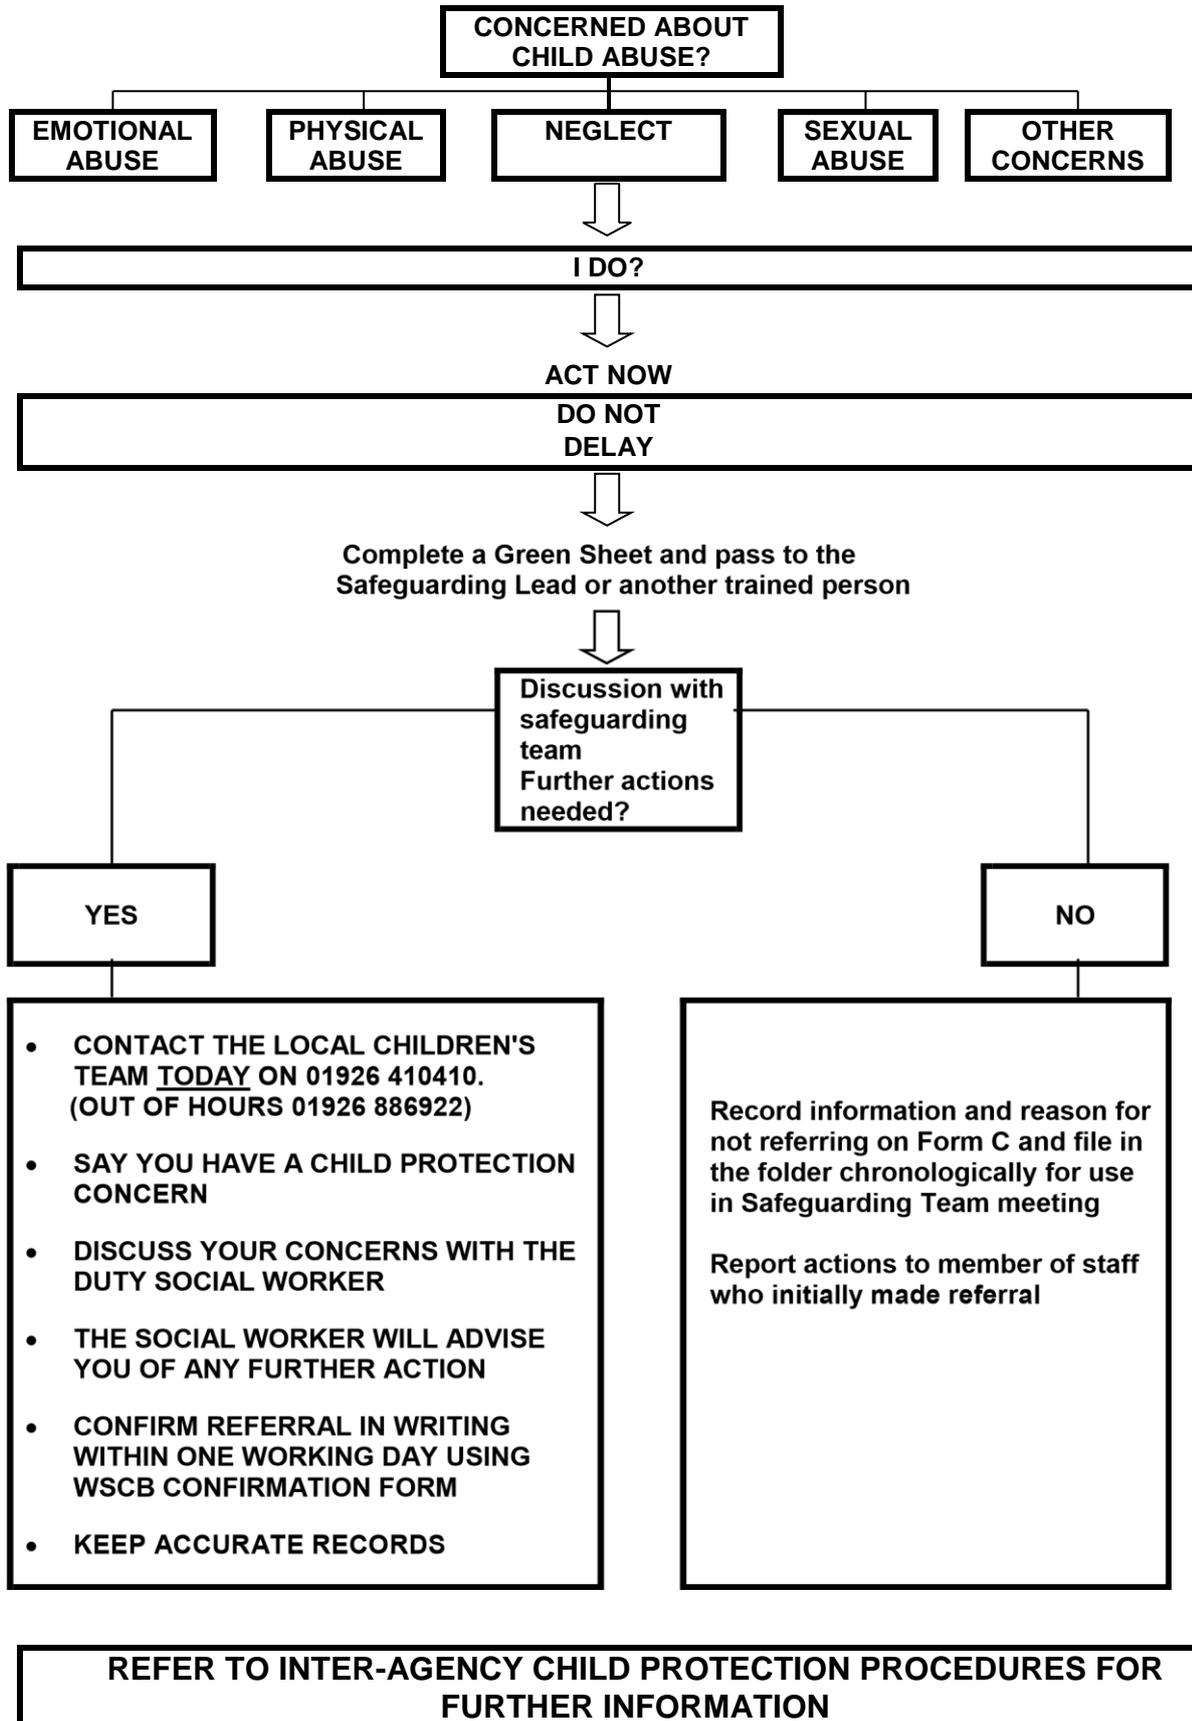

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL (and any deputies) refer any concerns to the *Local Housing Authority* so they can raise/progress concerns at the earliest opportunity. In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised that in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the DSL (or a deputy) will ensure appropriate referrals are made based on the child's circumstances.

Work experience

The school has detailed procedures to safeguard pupils undertaking work experience, including arrangements for checking people who provide placements and supervising pupils on work experience which are in accordance with the guidance in *Keeping Children Safe in Education 2019*.
