See appendix 7a and 7b, 8, 9, 10a & 10b

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained (where possible) and made available for the purposes of external quality assurance and appeals.*

The range of evidence we will be using WILL include:

- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers. (This includes mock examinations where they have taken place)*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial classwork i.e. Red Zone tasks or internal tests*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and sport.*
- *We will use assessed pieces that have been externally verified including examinations that took place in the January series.*
- *In the event of an enforced school closure the school will adapt its approach to ensure that students are still able to be taught, access learning and complete any remaining assessments remotely, as outlined in the subject evidence document. Students will not be disadvantaged as outlined in the JCQ guidance.*

Please see appendix 3 (for vocational see appendix 12 & 13)

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the specification and assessment objective coverage of the course studied and taught.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, across the course studied and taught (especially higher order skills within the individual assessments).*
- *We will consider the level of importance of an assessment in relation to whether the students work was:*
 - *Produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
 - *Produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials*
 - *Marked in a way that reflects awarding organisation mark schemes.*
- *We will consider the level of control under which an assessment was completed, for example:*
 - *Whether the evidence was produced under high control and under supervision or at home.*
 - *The limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, an open book assessment, modelled or scaffolded for support.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college- for example during remote/home learning*
- *We will ensure that in the event of a student not being able to complete an assessment as outlined in the subject evidence document, that they are not disadvantaged.*

Please see appendix 1, 2, 3, 4, 6, 7a & 7b (for vocational see appendix 12 & 13)

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our subjects will produce a subject evidence record/document and will share this with any necessary variations for individual students shared and any appropriate actions taken*

Please see appendix 2,3 & 4 (for vocational see appendix 12 & 13)

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal moderation process.*
- *We will ensure that all teachers involved in the process are provided and supported with the relevant training to ensure they take a consistent approach to:*
 - *Marking of evidence*
 - *Applying the use of grading support and documentation*
 - *Arriving at teacher assessed grades*
 - *Reaching a holistic grading decision*
- *We will conduct internal moderation and sampling across all grades.*
- *We will ensure that the subject evidence document and record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be Mr Ian Smith-Childs*
- *External quality assurance process undertaken across the ATLP using subject experts to moderate internal marking.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Please see appendix 1, 2, 3, 4, 5, 9, 10a & 10b (for vocational see appendix 12 & 13)

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the context (for example size and ability) of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider subject level performance in comparison to National Average and Fischer Family Trust data (FFTD)
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

Please see appendix 8

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.

Please see appendix 8

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.

Please see appendix 8

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: <https://www.jcq.org.uk/wp-content/uploads/2021/03/JCQ-Guidance-for-Students-and-Parents-on-Summer-2021.pdf>*

Please see appendix 6

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Please see appendix 1, 2, 3 & 6 (for vocational see appendix 12 & 13)

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements; sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed, how to minimise bias in questions and marking and hidden forms of bias) and bias in teacher assessed grades.*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process please see details below:

Marking process

As a school and in consultation with other schools and in collaboration within the Arthur Terry Learning Partnership (ATLP) we are using the following methods to mark students assessments;

- **Consensus marking** - department marks an anonymised paper together to ensure consistency and understanding of marking and grade criteria
- **Blind marking** – students' papers are anonymised and staff do not mark their own classes assessments in the vast majority of cases.
- **Department training** - using experienced exam markers where possible, in collaboration with exam boards and across the ATLP with usage of subject experts to ensure accuracy of marking.

Internal Moderation Process

- **Departmental training and support** for all staff involved within the marking process on bias and objectivity in assessment and grading decisions.
- **Internal moderation** - Using sampling of students' scripts to ensure a level of consistency of approach with marking.

Quality Assurance of Internal moderation*GCSE's*

- *Exam marker and subject experts (not involved in moderation) from across the ATLP will moderate student work.*

BTEC

- *Student work has been externally moderated and verified by the examination board*
- *Declaration: subjects and staff will verify and confirm that they have undertaken and fulfilled the rigorous process (outlined above) to determine the TAG*
- Guidance has been shared with staff from JCQ about maintaining objectivity:
<https://www.jcq.org.uk/maintaining-objectivity/>

Please see appendix 2, 5, 7a, 7b & 9 (for vocational see appendix 12 & 13)

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include the undertaking of assessments in class, subject and individual student verifications, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Please see appendix 2, 3, 4, 7a & 7b (for vocational see appendix 12 & 13)
