

Monday 6th June 2022

Dear Parents and Carers

Welcome to the final half term of the year. This half term is an important one for many reasons, not least for those students are sitting the remaining GCSE, A Level and Level 2 and 3 BTEC examinations. We have been very proud of how well they have coped so far and look forward to celebrating their successes when results are released in August. This half term is also an exciting one for students across all years with a variety of events planned, including awards evenings, sports days and trips.

During this academic year I have had the privilege of working across two other schools in our multi-academy trust and will continue this work next year. Whilst I will remain your Headteacher and will still be accountable for the performance of the school, **I am delighted to announce that we have appointed Miss Rebecca Brindley, our current Deputy Headteacher, as our new Head of School.** From September 2022 Miss Brindley will lead the school and I will be supporting her. Miss Brindley is an exceptional leader, who has led the school alongside me over the last two years and is well placed to take the school forward to even greater success.

I know you will join with me in congratulating Miss Brindley and will continue to welcome her into the Coleshill community.

We look forward to keeping you up to date with the good news stories from school as the term progresses.

Yours faithfully

I Smith-Childs
